"No more breakup bangs," Meghan Ory says with a laugh. The actress, who's played practical divorcée and mother of two Abby O'Brien-Winters since *Chesapeake Shores*' 2016 debut, knows the show's diehard fans, called "Chessies," will be excited to hear it. After spending time getting over love Trace (Jesse Metcalfe), Abby is ready to move on in the series' sixth and final season, which begins Sunday on Hallmark Channel.

In last October's cliffhanger, she left a voicemail message saying, "I think maybe we should give us a try" for one of the two men hoping to date her next. Was it kindhearted teacher Jay (Greyston Holt) or playful billionaire Evan (Robert Buckley)? "You find out who she called pretty quickly," Ory offers coyly. "Finally making the decision is her choice to trust herself, go with her heart and take a leap of faith."

Regardless of her pick, Abby will still be in business with Evan as O'Brien Construction & Development Group builds his hotel. "They continue to get under each other's skin. That hasn't gone away," Ory says. Also constant is the O'Brien family drama. Connor (Andrew Francis), Abby's lawyer brother, suffered a heart attack in

the Season 5 finale. His prognosis looks good, but the event shakes up the workaholic's world. "It could be the wake-up call he needed to change some things," Ory teases.

Their devoted dad Mick (Treat Williams), meanwhile, is still popping painkillers after his near-death crash landing of his plane. "The accident shook him up more than he [thought it would]," Ory hints, adding that we'll see a different side of both Mick and Abby's brother-in-law, David (Carlo Marks), whose own father is on the run from multiple fraud charges. Abby's writer sister Bree (Emilie Ullerup) grows closer with ex-con Luke (Stephen Huszar), and her firefighter brother Kevin (Brendan Penny) navigates marriage postmiscarriage.

With only 10 episodes left, Ory promises a satisfying conclusion that is "everything that you would hope for and nothing that you would expect." But she isn't ruling out a spinoff, pitching us Mandrake (Wesley Salter) for Evan's fanfavorite chauffeur/sidekick. "They end up living together in a studio apartment because Evan loses all his money," she says. "I took it upon myself to come up with every version possible!"

#### IT'S THE FINAL EPISODE OF "BETTER CALL SAUL"

Following one curveball after another, with six riveting and emotionally packed seasons, the story of Jimmy McGill/Saul Goodman/Gene Takovic (all played by the gloriously wonderful Bob Odenkirk) finally comes to an end in the Monday night series finale of Better Call Saul (AMC). In an interview with executive producer Gordon Smith on the final episodes, Smith shared: "I think we're going to surprise people and we're going to take them down some roads that they don't see coming. A lot of people have worries that they've got locked in their heads about various characters. Obviously, they're worried about Kim [Rhea Seehorn], but whatever they think that we're going to do, we're going to zig when they think we're going to zag, and take them to places that hopefully are fun and surprising." And tonight marks the final zig and zag in an amazing ride from cocreators Vince Gilligan and Peter Gould.

# 5 QUESTIONS with ...

When the Jonas Brothers (Kevin, Joe and Nick) hit in 2005, the band went on the road, opening for the Backstreet Boys and Kelly Clarkson. Within three years they were such powerful

tween and teen magnets that screaming fans surrounded a Manhattan hotel where they were staying, and beefy security guards patrolled the floor reserved for them. Kevin, the oldest, kept his cool then, and still does. Frankie, the youngest in the Jonas' household, was just 8. Today, the two still have that oldest/youngest brother dynamic, displayed in ABC's Claim to Fame (Mondays). There's a playfulness between them as they puzzle out who each contestant is related to - each person's claim to fame. Participants can lie but must stick to their stories. Only one of the 12 sharing a house looks so much like her famous athlete sister, folks will instantly know her claim to fame. But the others? Good luck figuring out their celebrity relative. Since the pilot has aired, there's no spoiler in mentioning that Chuck Norris' grandson was booted in the first episode - for flouting the rules and sneaking in a phone. The Jonas brothers, however, played by the rules, as Kevin explains in our "5 Questions."

- Do you know who everyone is? The producers said, "We could give you all the information, or we could do it where you don't know anything. You don't know who's related, and that will allow you to kind of ask questions without leading too much." And we're like, "You know what? We really want to play along while filming and while hosting." So, it made it really fun for us to do.
- **∠** With a 13-year span, what's the relationship like between you and Frankie? We had multiple years of separation. Me, Joe and Nick were working together as the Jonas Brothers, and we had our careers, and Frankie was always there. It's funny how the older you get, the age gap doesn't feel as much of a gap. So it was really rewarding to work with Frankie this time around, doing this because we don't get to see each other all that often.
- 3. You can see that he enjoys ribbing you. Is he the perpetual kid brother? He can't help himself. It's just who he is. But it's also why we love him. He's exactly what you want from your youngest brother, who is angsty, cool and is just always going to be a little bit cooler than you.
- What were your favorite shows growing up? Full House, Family Matters and my biggest show I think growing up was Boy Meets World.
- 5. Tell us about a time you were starstruck. I was really young. We were still signed to Sony at the time. We went to this thing called an upfront, and so we were there, performing, and John Mayer walked in. For me, one of his early songs that really made me fall in love with a guitar and just songwriting was called "3x5." And so I freaked out and just like didn't build up the nerve to meet him. So after that, I told myself: Never miss an opportunity to introduce yourself to someone.

# best bets **MONDAY**

#### Roswell, New Mexico

7 pm on CW

Michael (Michael Vlamis) and Maria (Heather Hemmens) begin to struggle as their trail to locating their missing friends runs cold in the new episode Down in a Hole. Meanwhile, as Max (Nathan Dean) and Rosa (Amber Midthunder) start to uncover what Liz (Jeanine Mason) has been hiding, she makes a rash decision.

#### Below Deck Mediterranean

7 pm on BRAVO

In the new episode Walkie of Shame, a new crew member joins the motor yacht Home, bringing new skills to the group. Meanwhile, a surge of bad swells has the guests stuck at the dock and puts the crew under pressure. Elsewhere, Natasha reunites with a blast from the past.

#### **Better Call Saul**

8 pm on AMC

Series Finale

Just as *Breaking Bad* charted a mild-manner high school teacher's transition into a ruthless drug lord – from Mr. Chips to Scarface – this spinoff/prequel has followed struggling attorney Jimmy McGill's (Bob Odenkirk) metamorphosis into shady shyster Saul Goodman. Tonight's series finale wraps up the tale.

#### **BBQ USA**

8 pm on FOOD

Season Finale

Chef, restaurateur and host Michael Symon visits the Memphis in May festival to see some of the biggest names in BBQ, including Myron Mixon, Melissa Cookston and Erica Blaire Roby, go head-to-head in the whole hog category at the World Championship Barbecue Cooking Contest in the Season 1 finale titled Going Whole Hog.

**HGTV** will debut the new season of Farmhouse Fixer on Wednesday, August 24 at 9 PM ET/PT. Jonathan Knight promises to bring more centuries-old New England farmhouses back to life this season. The new episodes will follow Jonathan, best known as a member of the Grammy®-nominated band New Kids on the Block, and designer Kristina Crestin as they renovate old properties into exquisite modern homes, all while keeping the original charm. Fans also can look

forward to multiple guest appearances from fellow HGTV stars including Lyndsay Lamb and Leslie Davis (*Unsellable Houses*), Jenny Marrs (*Fixer to Fabulous*) and Mike Lemieux (*Houses with History*). In the season premiere, Jonathan will help the Kuprycz family, who recently purchased a 1798 farmhouse in New Hampshire.

Hallmark Movies & Mysteries will premier its new movie *Groundswell* on Sunday, August 21 at 9 PM ET/PT. The movie is based on a book by Katie Lee Biegel and stars Lacey Chabert, Ektor Rivera and Katie Lee Biegel. On the heels of a personal and professional setback, Emma (Chabert), a chef from Atlanta, travels to Hawaii where she meets Ben (Rivera) a handsome, reclusive surf instructor whose lessons help her to regain her footing.

Culinary icon Bobby Flay and daughter Sophie Flay are taking a delicious food tour across the sunny California coastline in the new three-episode series, **Bobby and Sophie on the Coast**, premiering Monday, August 22 at 9 PM ET/PT on **Food Network**. In each one-hour episode, Bobby and Sophie explore Los Angeles, with its year-round sunshine and local ingredients that make the city a treasure trove for the best restaurants and chefs. From the glamorous Hollywood establishments to the urban revival of Downtown LA's hot new eateries, Bobby and Sophie are on a mission to enjoy the most inventive and delectable cuisine the city has to offer. And with so much inspiration, Bobby can't resist using the very local ingredients to cook up his own dishes for Sophie. It's the ultimate coastal culinary adventure.

**Freeform** will air the series finale of **Motherland: Fort Salem** on Tuesday, August 23 at 10 PM ET/PT. In a climactic battle, the Unit and its allies team up to fight the *Camarilla*. Alder races across the world to find the final piece of the First Song.

# Verlander makes stellar comeback with Astros

A torn ulnar collateral ligament is a diagnosis that no pitcher wants to hear. But if ever there was proof that one can still thrive afterward no matter their age, it is the case of Justin Verlander.

Indeed, nearly two years after having Tommy John surgery to repair the dreaded injury, the Houston Astros' two-time Cy Young winner is back and arguably better than ever – and that is saying something given his Hall of Fame-caliber career.

As of late July, the 39-yearold righthander was the majors' first 13-game winner, sporting a 13-3 won-lost record with a 1.86 ERA, a WHiP of 0.88 and 117 strikeouts and only 21 walks in 116 innings. Perhaps more importantly, his velocity is as good or better than it's ever been.

That was seen in a recent game against the Seattle Mariners, when his fastball averaged 96.3 mph and topped out at 99 mph in his last inning of work, the seventh, in a 3-1 Houston victory. For the year, his fastball is averaging 94.9 mph, slightly above his career average of 94.4.

Certainly, his stellar performance this season

makes the Astros' decision to bring him back on a oneyear, \$25 million contract in the offseason – before he'd even thrown a post-Tommy John pitch – look like a smart one. And with the Astros entertaining World Series hopes, it'll fall to Verlander to be the anchor of what could be a championship rotation.

Verlander's Astros can be seen in action Monday, Aug. 15, when they pay a visit to the Chicago White Sox in a game airing on FS1.

# THE WEEK IN SOAPS

#### "The Talk's" Natalie Morales Joins "The Young And The Restless" As Ace Reporter Talia Morgan

It stands to reason that Diane Jenkins (Susan Walters) did a lot of things nobody knows about during her 10-year absence from Genoa City on *The Young and the Restless*. However, her past may not be a secret for much longer. A new character – investigative journalist Talia Morgan – is set to do some digging into

Diane's missing decade. And, in a bit of inspired synergistic casting, Y&R has cast real-life journalist Natalie Morales (The Talk) to play the part of Talia.

Watch for Morales to make her Y&R debut on Wednesday. Initially, Talia reaches out to Nikki Newman (Melody Thomas Scott) about doing a story on Ashland Locke (Robert Newman). However, Nikki will suggest that Talia digging up dirt on Diane might make more compelling reading. Phyllis Summers (Michelle Stafford), who's no fan of Diane's, insists on joining Nikki when she meets Talia.

"I'm working alongside the 'devious divas,' as I call them - Phyllis and Nikki - who are plotting this investigative series on Diane," Morales

endearingly previews. "What was Diane doing all that time that she was gone?"

While Morales' career has been as a host/reporter, she does bring some acting credentials to her new role, having played parts on *Nashville* and *This Is Us.* On those shows, however, she's portrayed Natalie Morales – a version of her real-life self. "I'm not an actor," Morales humbly says. "I'm jumping in and doing this guest spot, and it's been a blast. I'm learning so much. This has made me appreciate daytime drama so much more. The people who work on *Y&R* are all so amazing."

Given the breakneck speed at which soaps tape, Morales' background in doing live television has likely been an asset in terms of her becoming acclimated to the fast-paced world of soap operas. "When they say, 'Go,' then I go!" says the *Talk* host. She's picking up pointers from her costars. "It's incredible to act alongside Melody, Michelle and Susan, and watch them do what they do."

This isn't going to be a quick in-and-out gig. *TV Weekly* hears that Morales is set to air on the top-rated drama on a recurring basis into the fall. "I think I'll get more comfortable as I do more," Morales muses. "It's still new and scary. I don't want to hold the production up in any way. I do my best to know all my lines when I get there."

Might we see Talia switch any established allegiances – as folks on soaps tend to do – as the storyline involving Diane's past takes a dangerous turn? "Your guess is as good as mine," Morales responds. "I know the Y&R writers are very creative. It's been very interesting to see what they're already doing, and I'm really looking forward to seeing where Talia's investigation takes her. As a reporter, I know you're supposed to be objective. Talia will try not to take sides."

### HOROSCOPES BY YASMIN BOLAND

By Yasmin Boland For release: 08/14/22

ARIES (March 21 - April 19) Hopefully you are starting to feel the effects of having lucky Jupiter in your sign. You should be feeling more loved and more loving, more abundant and more aware of all your blessings. This week could kick things into even higher gear. Count your blessings to tap into the energies.

TAURUS (April 20 - May 20) Expect to feel less driven and exhausted this week as angry Mars finally leaves Taurus. Upsets with home and family from the past few weeks can now be smoothed over. If you want to feel really amazing, this is the week to do a spiritual practice such as meditating.

**GEMINI** (May 21 - June 20) Do you have an aim or ambition? Now is the time to forget about everything else and just go for it. The planet of drive and determination, Mars, is returning to your sign for the first time in about two years. Pace yourself but do chase your dreams - you're on fire!

CANCER (June 21 - July 22) Your communication stars are so powerful this week. That might not sound all that exciting but know this; your increased ability to speak and listen in the coming seven days really could help you with the ongoing process of transforming all of your most important personal and professional relationships.

LEO (July 23 - Aug. 22) If you've been working too hard and it all feels a bit turbulent professionally, take heart; you're coming to the end of a cycle and you should feel less stretched very soon. The thing you need to remember is that while life in 2022 is demanding, you can't be on 24/7.

VIRGO (Aug. 23 - Sept. 22) You're in a cycle where you should only do what you want to do. Certainly don't go out if you

want to stay home. Navel gaze, if you feel like it. If you surrender to doing whatever feels right for you this week, despite others' demands, inner peace could follow!

LIBRA (Sept. 23 - Oct. 22) It's hard to imagine having better stars than you do right now. There is a sense that you can make a dream come true right now, you should feel lovable and it should be easier for you to let someone important to you know how you feel. All in all; relate!

**SCORPIO** (Oct. 23 - Nov. 21) Upsets with other people are exhausting and you have probably had more than your fair share of them in the past few weeks as cantankerous Mars has moved through your relationships zone. That cycle ends this week so expect ongoing quarreling to end as well. Workwise, you're on a high, too.

SAGITTARIUS (Nov. 22 - Dec. 21) This week sees argumentative Mars moving into your love zone. Cue upsets and arguments with the people you love most. And if you think that sounds like a negative self-fulfilling prophecy, see it like this instead; there are some things that need to be said (kindly) to clear the air.

CAPRICORN (Dec. 22 - Jan. 19) Not saying that this is going to be the best week of your life, but it could be. You have great stars now. You're on a healing journey that has brought you such a long way. Keep going and you'll be amazed at how you emerge from this cycle next year.

AQUARIUS (Jan. 20 - Feb. 18) Don't be too hard on yourself. The planets are pushing you toward evolving. It can be challenging! This week, though, they are also giving you a mini-break. There is a lot more romance in the air than there has been for some time. Great for singles and couples

PISCES (Feb. 19 - March 20) The best thing you can do for yourself this week is work on your self-esteem. The more you believe in yourself, the more others are going to believe in you, and the more money you are actually going to attract as a result as well. Your increased self-love is win/ win.

#### **Killer Camp**

7 pm on CW

Vote-off day finally arrives at Camp Pleasant and the surviving campmates have their first shot to expose the killer in their midst in the new episode *Killer Tan*. But there's not time to relax as more unhinged camp activities await. For example, each camper has the opportunity to win some cash in a game of brutal honesty. Bobby Mair is the host.

#### **Spies in Disguise**

7 pm on DISNEY

Will Smith and Tom Holland both earned rave reviews for their voice work in this 2019 computer-animated spy comedy. # Secret Lives of College Escorts

7 pm on LMN
Premiere

When Eve (Pilot Paisley Rose), a college student, is convinced by a friend to sneak out for a night of partying, her friend winds up dead – and Eve loses her scholarship. She meets Carla (Laurie Fortier), an event planner, who offers what seems to be the perfect job to pay for tuition in this 2022 thriller.

#### **Infinite Storm**

8 pm on SHOW

#### Premiere

When an experienced climber (Naomi Watts) ascends Mt. Washington, she decides to turn back before she reaches the summit as a blizzard approaches. On her way back down the mountain, she encounters a lone, stranded man (Billy Howle) and takes it upon herself to get them both down the mountain before they succumb to the storm.

# **ASK MATT**

#### WHERE ARE THE ORIGINAL CABLE SHOWS?

@TVGININattRoush

**Question:** My question is simple: Will most of cable turn into a graveyard for wrestling, reality, and repeats? – *JV* 

Matt Roush: A simple question, are you kidding? This is a complex matter that involves issues of branding, of corporate juggling of assets, all reflecting a paradigm shift from mass-market cable distribution to the myriad niches of the streaming universe. We're living through the transition right now, so it's hard to predict where it all is heading. But for now, the bottom line is that with few exceptions, the original scripted programming we had become accustomed to seeing on networks like USA, TNT, TBS, and assorted others are being diverted to their companies' streaming platforms. (Many Peacock shows feel like they'd have been right at home on USA.) As I also realized while watching the Tour de France on USA-the new de facto home for much sports programming that once played on the now-defunct NBCSN -USA's brand identity is now beyond muddy. Is it a sports network? A dumping ground for overexposed reality celebrities? (I can't fathom why the convicted Chrisleys are still on the air.) And I'm at a loss to understand why some FX shows air on the main network and others (mostly new titles) go straight to Hulu. That's the context. The simple answer to your question is: Yes.

# Fish Oil Failure Shines a Grim Light on America's Memory Crisis

America's top memory M.D. reveals the startling reason why "senior moments" may be caused by fish oil — and the #1 way to fix it fast

More than 16 million Americans suffer age-associated cognitive impairment. And according to nationwide research, these numbers are only rising.

Thankfully, anti-aging specialist and bestselling author, Dr. Al Sears, says there's an easy way to banish senior moments for good. It's a safe, natural compound that can grow the brain significantly bigger.

And unlike failed solutions that promise what they can't deliver, this one actually works — at least, according to studies from Framingham, and other reputable universities.

But in order for it to work, you must avoid using run-of-the-mill fish oil supplements. "The worst thing you can do for your memory," explains Dr. Sears, "is to supplement with fish oil."

Dr. Al Sears, a highly-acclaimed MD — who has published more than 500 studies — says today's low-grade supermarket fish oil is causing the surge in America's memory crisis. "These cheap oils are no longer as nutrient-dense as they once were," he explains.

If you want to get rid of embarrassing senior moments Dr. Sears recommends a different approach.

## THE SECRET TO A LASTING MEMORY

Research has shown our paleo ancestors were able to grow bigger and smarter brains by eating foods rich in one ingredient — DHA. "Our hippocampus thrives off DHA, and grows because of it," explains Dr. Sears. "Without DHA, our brains would shrink, and our memories would quickly fade."

A groundbreaking study from the University of Alberta confirmed this. Animals given a diet rich in DHA saw a 29% boost in their hippocampus — the part of the brain responsible for learning and memory. As a result, these animals became smarter.

The same was found in human studies, too. After analyzing more than 1,500 seniors, the Framingham study found that those whose brains were deficient in DHA, had significantly smaller brains — a characteristic of accelerated aging and a weakened memory.

"Unfortunately, it's almost impossible to boost levels of DHA simply by eating more fish or fish oil," explains Dr. Sears. "DHA in fish oil has plummeted over the years. And it's being replaced by another compound. One that can cause memory failure and brain fog.

The ingredient Dr. Sears is referring to is called ALA — a compound found in cheap, grocery store fish oil. Studies have shown that even moderate levels of ALA can eat away at your memory and make you forgetful

## PEOPLE'S BRAINS ARE SHRINKING AND THEY DON'T EVEN KNOW IT

Fish farming has caused DHA levels to plummet and ALA levels to rise, according to Dr. Sears

"In order to produce DHA," he explains, "fish need to eat a natural, marine diet, like the one they'd eat in the wild." Without a marine-rich diet, most fish won't produce DHA.

Dr. Sears uncovered that sometime during the 1990s, fish farmers stopped giving their animals a natural, DHA-rich diet and began feeding them a diet that was 70% vegetarian.

"It became too expensive for farmers to feed fish what they'd eat in the wild," explains Dr. Sears. "And since more than 80% of fish oil comes from farms, it's no wonder the country is experiencing a memory crisis. Most people's brains are shrinking and they don't even know it."

"Since fish farmers are depriving these animals of their natural diet, ALA levels in fish oil are going up, while DHA levels are being cut in half.

When asked, what can people do to improve their memory and brain function in the most effective way possible? Dr. Sears replied, "Find a quality DHA that doesn't come from a farmed source. Only this will help improve memory by growing the brain significantly bigger."

Dr. Sears and his team have been working tirelessly for the last 24-months developing a unique brain-boosting formula called **Omega Rejuvenol**. It's made from the most powerful source of DHA in the ocean, squid and krill — two species that cannot be farmed.

According to Dr. Sears, these are the purest and most potent sources of DHA in the world, because they haven't been tampered with. "Omega Rejuvenol is sourced from the most sustainable fishery in Antarctica. You won't find this oil in any stores."

## MORE IMPRESSIVE RESULTS

Already, the formula has sold more than 27,000 bottles. And for a good reason, too. Satisfied customers can't stop raving about

Why the 'brain fuel' ingredient in fish oil is slowly drying up.

the memory-boosting benefits of quality-sourced DHA oil.

"I see a noticeable increase in my brain function. I'm experiencing a noticeable increase in my concentration level and productivity throughout the day," says satisfied customer, Timothy B.

"It's great to remember everyone who played in the '75 World Series. My memory has never been sharper," says Mike T.

"After the first time I took it, I experienced mental clarity and focus. I noticed my mental function improve and I could concentrate better and be more productive throughout the day," raves John F.

And 70-year-old Mark K. says, "My focus and memory are back to age-30 levels."

These are just a handful of the thousands of reviews Dr. Sears receives on a regular basis thanks to his breakthrough memory formula, **Omega Rejuvenol**.

# Send Her Over The Rainbow

## 700-year old legendary art form for the price of your dreams.

Now I know how that little farm girl from Kansas felt when she went over the rainbow and awoke in a land of spectacular color. Look what I found in the land of ahhs!

Approaching Burano Island off of northern Venice was like being swept away in a dream. Known for its brightly-painted fisherman houses that line the canals, I was greeted with every color of the rainbow. Since before the Venetian Republic, Burano was home to fishermen and legend says that the houses were painted in bright hues so they could see their way home when fog blanketed the lagoon.

Inspiration struck. I wanted to capture this historical beauty in the centuries old art form of Murano. Still regarded as being the finest form craftsmanship in the world, Murano has evolved into modern day fashion statements.

So I hopped on a vaporetto for a forty minute ride to Venice and sought out the impeccable talents of one of Venice's finest Murano artisans. They've captured the vibrant colors of the iconic fisherman houses in the perfect hand-formed beads of *The Rainbow Murano Necklace*. To own a piece of authentic Murano is to own a piece of fine art steeped in history. Each and every piece is a one-of-a-kind masterpiece.

I want to make it easy for you to send her over the rainbow. That's why for a limited time you can treat her to the *The Murano* 

Rainbow Necklace for only \$39. And, to help you double down on romance, I'll throw in the matching bracelet absolutely FREE! As one of the largest importers of handcrafted Italian jewelry, we have a way of making dreams that you dare to dream come true.

Satisfaction guaranteed or your money back. Enjoy the *Murano Rainbow Necklace* for 30 days. If it doesn't pass with flying colors, send it back for a full refund of the item price. You can even keep the bracelet for your trouble.

Limited Reserves. You could easily pay \$300 or more for a Murano glass bead necklace, but at \$39 PLUS a FREE bracelet, these authentic handcrafted pieces won't last. For a remarkable deal, there's no place like Raffinato.

## **Jewelry Specifications:**
