AMANDA KLOOTS

Of CBS' "Fit For Christmas"

By Jacqueline Cutler

When Amanda Kloots leads an exercise class in Mistletoe, Montana, the setting for her first lead in a movie, it's clear she knows what she's doing. The former Rockette and ensemble player in four Broadway musicals shows off her skills in *Fit for Christmas*, the first of CBS' three original holiday movies this month, this one premiering Sunday. Kloots' character, Audrey, returns home to Mistletoe, where the small town knows how to do Christmas.

Naturally, there's a failed romance and a budding one. The idea for this movie came about during that awful summer of 2020 when COVID was ravaging the country. Kloots' husband, Nick Cordero, was among those who died.

"I couldn't sleep," Kloots recalls. "The Hallmark Channel was playing Christmas movies to make people happy in July during COVID. And so I started watching ... and this idea came to me."

After she posted on Instagram about watching the channel, Kloots was invited onto a podcast, then introduced to Anna White, who has written other Christmas movies. Kloots pitched the idea to CBS, where she's a cohost of *The Talk*. Between taking care of her son, Elvis, now 3, and juggling jobs, Kloots answers our "5 Questions."

- Tell us about a time when you were starstruck. I was at a Grammy event. My best friend and I were there, and we got pulled from the back, back, back, back table all the way to the front table. And as soon as I started coming up to the table, I was like, "Oh my gosh, oh no. Oh no, no, no, no, no, no!" And I get sat down and at the table was Beyoncé and Jay-Z. I am dead and dying inside! I was literally like, "I cannot believe this is happening. I hope she doesn't kick me out of her table." I was freaking out.
- 2. Besides acting, what other jobs have you had? I was a hostess at restaurants. I was an airbrush artist at a tanning salon. I also did pre-partying for bar mitzvahs, anniversaries or corporate events.
- **3.** What are the various companies you started? My fitness company is the first company I started from scratch, all on my own, and I'm so proud of that. That was a really hard time in my life again, and I decided to just take a chance and start my own business and created my fitness company, which is Amanda Kloots Fitness. The second company I started with my little sister during the pandemic, and it's an apparel company called Hooray For.
- **4.** What shows did you love growing up? Growing Pains, Saved by the Bell, Family Ties, Full House.
- **5.** You're the host of a mythical dinner party. Who's at your table? I have been watching a lot of old movies and dancing clips. Fred Astaire, Gene Kelly, Rita Hayworth, Grace Kelly and that old Hollywood crew. I want it to be in their time. I want to go back in time and meet them at a restaurant here in Hollywood and pretend that we were all friends.

SHOWTIME will debut season two of **Your Honor** on Sunday, January 15 at 9 PM ET/PT. The series stars Oscar® nominee and Emmy® winner Bryan Cranston as Michael Desiato, a respected New Orleans judge whose upstanding life is derailed when his teenage son's accidental hit-and-run killing of the son of notorious crime boss Jimmy Baxter (SAG® Award winner Michael Stuhlbarg) led to a high-stakes game of lies, deceit and impossible choices. Emmy® nominee Hope Davis stars as Jimmy's wife, Gina, who is at times more dangerous and driven than her husband, and Isiah Whitlock Jr. stars as Charlie, a local politician and Michael's best friend. Rosie Perez, Margo Martindale and Amy Landecker will guest star. This season, Big Mo, the formidable leader of the Desire Gang, demands fierce loyalty as she pushes to expand her empire throughout New Orleans with help from Little Mo. Fia Baxter is forced to reckon with the true nature of her family as she deals with the aftermath of her boyfriend's shooting. As the only surviving son of Jimmy Baxter, Carlo is now more determined than ever to follow in his father's criminal footsteps, while Eugene Jones' attempt to avenge his brother's death has created a new chain of events that threaten to create a war on the streets of New Orleans.

PBS will air the broadcast premiere of **American Masters: The Adventures of Saul Bellow** on Monday, December 12 at 8 PM ET (check your local listings). The Library of Congress Ken Burns Prize finalist documentary explores the Nobel and Pulitzer Prize winner's impact on American literature in the first-ever major documentary on the writer. It illuminates how Bellow transformed modern literature and navigated through the issues of his time, including race, gender and the Jewish immigrant experience. This is accomplished through rare archival footage and interviews with Philip Roth, Salman Rushdie and many others. The film traces Bellow's rise to eminence and examines his many identities: reluctant public intellectual, "serial husband," father, Chicagoan and Jewish American. It also sheds light on his willingness to confront social issues, his criticisms of American society and materialism and his provocative political view.

Sure, the other awards shows get all the attention, but none of them speak for the people like this year's new special which features the nominees and winners in the categories of movies, television, music and pop culture. Tagovailoa having breakout year in Miami

Could 2022 be the year Tua Tagovailoa finally realizes his huge potential? If the season's first half is any indication, the Miami Dolphins' faithful are going to be very happy.

Indeed, in their third year signal caller, the Dolphins appear to have the franchise quarterback they thought they were getting when they drafted him fifth overall out of Alabama in 2020, only to watch him struggle his first two years.

Much of that was blamed on his relationship with thencoach Brian Flores, It's no secret the two weren't the best of friends, Flores' tough love approach not working with his young QB. It also didn't help that Flores would pull Tagovailoa from close games in favor of veteran Ryan Fitzpatrick.

But that changed when the Fish replaced Flores with Mike McDaniel. The former 49ers offensive coordinator appeared to speak Tagovailoa's language and he assured his new field general that the starting job was his no matter what.

So far, Tagovailoa has responded to the coach's

confidence in him. In the five games he's played, four of which were wins, he completed 130 of 186 passes (69.9 completion percentage) for 1,678 yards with 12 touchdowns, three interceptions and a 112.7 passer rating. Of course, it helps that he's throwing to a pair of studs at wide receiver in Jaylen Waddle and newly acquired Tyreek Hill. But the point here is that the Dolphins are relevant again and Tagovailoa, who appears to be over a concussion he suffered early in the season, is a big reason why.

Tagovailoa can be seen in action Sunday, Dec. 4, when the Dolphins pay a visit to the San Francisco 49ers in a regional game airing on Fox.

THE WEEK IN SOAPS

Steve Burton "Super Grateful" To Be Joining "Days Of Our Lives" As Harris Michaels

Fan favorite Steve Burton left General Hospital last year after he failed to meet the COVID vaccination requirement handed down by Disney/ ABC, which owns GH. The good news is that mandate was recently lifted, but Burton won't be returning to Port Charles anytime soon. However,

he is coming back to soaps. The actor is joining the cast of Days of Our Lives, which streams exclusively on Peacock.

Burton and *Days* tested the waters last summer when the actor reprised his role as Harris Michaels on *Days of Our Lives: Beyond Salem: Chapter 2*, a five-episode limited series that streamed on Peacock. Now, he's signed up for a more regular gig.

"Really excited," Burton told website Soap Hub about his coming onboard at *Days*. "The opportunity knocked and I opened the door. I had such a great time on *Beyond Salem*. I thought Peacock and NBC did such a great job with it. Then soon after Peacock brought *Days* to their platform, they started talking to me. I thought it would be a lot of fun to create this character with [head writer] Ron Carlivati and [co-executive producer] Albert Alarr and see where it goes. Super grateful."

Harris Michaels was Burton's first soap character. He played the role briefly back in 1988 before going on to join *GH* as Jason Quartermaine in 1992. Jason played out typical soap teen hunk storylines, but in 1995, the show took the character in a new direction. After being in a car accident caused by his brother A.J. (Sean Kanan), Jason suffered both memory loss and a brain injury. He recovered, but he developed a new personality. Jason took on the surname Morgan and began working for mobster Sonny Corinthos (Maurice Benard).

Over time, Jason came to have a relationship with his parents, father Alan (the late Stuart Damon) and stepmother Monica (Leslie Charleson), but he never went back to the milder Jason Quartermaine. Jason was believed to have died in 2012. Burton returned in 2017 and played Jason until 2021, when the character was presumed dead after being inside a cave that collapsed.

Days fans learned that Hope Williams Brady (Kristian Alfonso) was dating Harris in Beyond Salem 2. Harris turned out to be a bit of a bad boy and wound up behind bars, but it was clear that Hope saw some good in Harris.

Burton has won two Daytime Emmys over the course of his career — both in the category of Outstanding Supporting Actor. His first win came in 1998 for playing *GH*'s Jason. His next victory was in 2017 for playing Dylan McAvoy on *The Young and the Restless*.

Watch for Burton to start appearing on *Days* in early 2023. According to a Peacock rep, the actor will be sharing screentime with Stephen Nichols (Steve Johnson), Mary Beth Evans (Dr. Kayla Brady Johnson), Deidre Hall (Dr. Marlena Evans Black), Drake Hogestyn (John Black) and more.

HOROSCOPES By Yasmin Boland

Lori Greiner, a Sagittarius (born Dec. 9), of "Shark Tank"

ARIES (March 21 - April 19) If you've been saying too much too frankly and getting yourself into trouble, watch out! This week brings a full moon in your communications zone with angry Mars also triggered. Speak your truth, for sure, but speak it in a reasonable and rational way! Avoid saying something you can't retract.

TAURUS (April 20 - May 20) If you can't get the love you want from a romantic partner, help is at hand. Your friends are there for you. In fact, they are practically waiting to smother you with love! Soak that up while you take a moment to do all-important work on your self-esteem. Focus on you.

GEMINI (May 21 - June 20) There's a full moon in your sign and it's triggering angry Mars. Suffice to say that if you want to stay out of trouble this week, you had better think about what you say before you say it, especially if and when someone is really bugging you. Remember, words have power.

CANCER (June 21 - July 22) Use this week to think about your life balance. Are you all work and no play, and if so, what can you do about it? Or have you been spending too much time absorbed in your own thoughts and as a result, not getting things done? Find your equilibrium as soon as possible.

LEO (July 23 - Aug. 22) There's a full moon this week, and it's taking place in your friendship zone. It's also triggering angry Mars. In other words, at least one of your most important friendships could be under fire this week. Avoid bringing up an old argument unless you're willing to work through it properly. Be kind.

VIRGO (Aug. 23 - Sept. 22) It's time for you to find a balance between your home and work life. This week's full moon demands it. If you keep burning the proverbial candle at both ends, you could end up exploding. You want to help everyone but you have to help yourself first.

LIBRA (Sept. 23 - Oct. 22) If your travel and/or study plans are on hold, don't fight it. If you push forward despite everything, you could end up feeling very frustrated. It's better to focus on healing one important relationship in your life that needs attention.

SCORPIO (Oct. 23 - Nov. 21) This week's full moon is all about finances for you - the money you earn and owe. If you're dragging your heels about making your next financial move, that's fine. But think about what your bank account would look like if you were to do things differently. Work smarter not harder.

SAGITTARIUS (Nov. 22 -Dec. 21) The full moon this week is triggering your love zone at the same time that sex planet Mars reverses in there as well. Add it all together and there are some "interesting" times in the forecast. For some there's frustration, for others, an ex returns.

CAPRICORN (Dec. 22 -Jan. 19) Are you trying to pack too much into your schedule? Then avoid adding even more! Everyone needs to go at a steady pace, get enough sleep, and so on. Your challenge now, if you choose to accept it, is to go easier on yourself. Slow things

AQUARIUS (Jan. 20 -Feb. 18) Hang in there! You are nearing the end of what has been a very long and grueling cycle. If you can keep going until March (only a few months away), you will emerge from one of the most challenging cycles you're going to experience for the next 30 years. Resilience is key.

PISCES (Feb. 19 - March 20) As Mars retrogrades in your home zone, it's not going to be easy to get everything sorted out in your private life. Your best bet between now and January is to go slow and steady toward your personal goals. Be patient as you work out what needs to be done.

ASK MATT

WILL THE NETWORKS MAKE MORE FAMILY FRIENDLY SHOWS?

@TVGMMattRoush

Question: Would any of the broadcast networks commission a familyoriented series similar to Flipper, Lassie, or The Waltons? – Chris

Matt Roush: Actually, I wouldn't be at all surprised to see a broadcast network revive one of these familyfriendly chestnuts. They're all crazy for pre-sold IP (intellectual property), and The CW is already in the Waltons business, with a second holiday movie coming. If your question is meant to suggest that family-oriented TV is out of fashion, I'm not sure that's entirely true, either. Sometimes it seems everything old is new again, and as the TV audience continues to fragment, I expect we'll see all of the platforms go back for the future to see what sticks.

Question: On the *Grey's Anatomy* spinoff *Station* 19, Jack (Grey Damon) was seeing and talking to the ghost of Rigo (Rigo Sanchez), the firefighter whose death he felt responsible for. Did they learn nothing from the Denny incident on *Grey's?* Ghosts is why I watch *Ghosts!* – *JL*

Matt Roush: Sounds like a legitimate gripe. Let's just hope the ghost doesn't become a recurring character the way Denny's was for far too long. I agree there's only room for one show about spirits from beyond on Thursday night, and that's the delightful *Ghosts*.

Heisman Trophy Ceremony

8 pm on ESPN

Perhaps the greatest single trophy in all of sports is awarded for the 88th time to the most outstanding college football player. Once again, quarterbacks are the favorites this year with Ohio State's C.J. Stroud, Tennessee's Hendon Hooker, North Carolina's Drake Maye and USC's Caleb Williams topping the list.

Christmas Class Reunion

8 pm on HALL

Premiere

High school classmates, who once dubbed themselves the "cursed class," reconnect at Christmas for their 15-year reunion. The classmates challenge each other to remember who they were, who they are, and who they want to be. Stars include Aimee Teegarden, Tanner Novlan and Maya Ford.

Kirk Franklin's The Night Before Christmas

8 pm on LIFETIME

Premiere

Caught in a blizzard on Christmas Eve, estranged mother and daughter Journee (Naturi Naughton) and Nia (Lorea Turner) are forced to take refuge inside a church with a handful of parishioners who are reeling from the cancellation of their annual holiday concert.

House of Chains

8 pm on LMN

Premiere

Tye (Grayson Holt) and Laura (Mena Suvari) and their six children look like a normal family. But because of their religious beliefs, the children are isolated from the rest of the world. However, as the older children begin to grow up, they start to ask questions, which leads to child abuse. That includes neglect and imprisonment.

Are the stairs becoming too much for you or a loved one?

Stay in the home and neighborhood you love with a Stiltz Homelift.

WHY LIMIT YOURSELF?

Stairlifts were introduced in the 1920s, and not much has changed since.

A stairlift has one use: to move you (and only you) between floors, slowly. And it fits in only one place: your staircase.

Finally, a stairlift won't keep up with you as your mobility needs change over time. For example, a stairlift can't carry a walker or wheelchair.

THE MODERN SOLUTION

A Stiltz Homelift, on the other hand, is an affordable, modern home elevator that is so compact, it fits just about anywhere in your house.

It requires no special machine room, no supporting walls, and runs off a standard home electrical outlet.

One look at our unique freestanding rail system, and you can tell right away why we're called "Stiltz"!

A Stiltz Homelift is 100%

safe. The elevator will not operate when the door is open, and sensors stop the lift cab if something is in the way.

A battery backup lowers the lift cab in a power outage. The floor lid is safe to walk on, and a key lock prevents unauthorized use.

A Stiltz Homelift is versatile.

Our elevators carry two people, or even a wheelchair. And the small footprint means they fit just about anywhere. Install your homelift through the floor, in a stairwell, up to a landing — even inside a closet!

A Stiltz Homelift is clean and quiet. Our self-contained electric drive system is very quiet. No messy hydraulics, no noisy vacuum systems, no basement or attic machine rooms required.

A Stiltz Homelift is an extra pair of hands. Move laundry, suitcases, books, groceries, vacuum cleaners — even the family pet — up and down between floors with our dual remote controls.

IT'S NEVER TOO SOON

Some Stiltz customers need a homelift immediately. But others want to "future-proof" their homes for the day when the stairs become a challenge.

This is a time of year that many families gather and a good time to make sure your aging loved ones are safe in their homes. Mobility can change quickly so if the stairs are becoming a challenge it might be time to consider making a change. Contact Stiltz today and speak to one of our aging-in-place specialists.

HOMELIFT SPECIALISTS

Stiltz is one of the world's leading home elevator manufacturers, so you'll be in good hands.

Your homelift will be installed and maintained by Stiltz trained professionals — expert technicians who truly care about your freedom, mobility and health.

ALL-NEW mobility technology

Introducing the world's lightest mobility scooter with anti-tip technology

The So Lite™ Scooter is easy to transport and almost impossible to tip over.

Like millions of older Americans, I struggle with mobility. For years, I watched my quality of life slip away, as I was forced to stay home while friends and family took part in activities I'd once enjoyed. I thought I'd made some progress when I got a mobility scooter, but then I realized how hard it was to transport. Taking it apart and putting it back together was like doing a jigsaw puzzle. Once I had it disassembled, I had to try to put all of the pieces in the trunk of a car, go to wherever I was going, and repeat the process in reverse. Travel scooters were easier to transport, but they were uncomfortable and scary to drive, I always felt like I was ready to tip over. Then I found the So LiteTM Scooter. Now there's nothing that can hold me back.

Years of work by innovative engineers have resulted in a scooter that's designed with seniors in mind. They created Electronic Stability Control (ESC) that makes it virtually impossible to tip over. If you try to turn too quickly, the scooter automatically slows down to prevent it from tipping over. The battery provides powerful energy at a fraction of the weight of most batteries. With its rugged yet lightweight aluminum frame, the So LiteTM Scooter is the most portable scooter ever—but it can hold up to 275 pounds—yet

Why a So Lite™ Scooter is better:

- Latest "No-Tip" Technology
- Lightweight yet durable
- Folds and locks in seconds
- Easier to operate

weighs only 40.8 pounds without the battery! What's more, it easily folds up for storage in a car seat, trunk or even on an airplane. It folds in seconds without tools and is safe and reliable. Best of all, it's designed with your safety in mind, from the newest technology and superior craftsmanship. Why spend another day letting your lack of mobility ruin your quality of life? Call now and find out how you can get a *So Lite*TM *Scooter* of your very own.

IT'S ENOUGH TO MAKE YOU BLUE IN THE FACE

Time to take a stand against overpriced watches with the Stauer Urban Blue, now only \$29

You need a new watch...the one you are wearing was made when Nixon was in office, but extravagantly-priced watches that add zeros just because of a high falootin' name are an insult to your logic. Why shell out big money so some foreign company can sponsor another yacht race? It's time to put an end to such madness. It's absolutely possible to have the highest quality, precision classic timepiece without the high and mighty price tag. Case in point: The Stauer *Urban Blue*.

Packed with high-end watch performance and style, minus the high-end price tag. It's everything a high-end watch should be: Sturdy stainless steel and genuine leather construction. Precision timing that's accurate to four seconds a day—that's more precise than a 27-jewel automatic watch priced at over \$6,000. And, good looking— with simple, clean lines and a striking metallic blue face.

"Blue watches are one of the growing style trends seen in the watch world in the past few years"—WatchTime®

Your great escape from the over-priced watch craze. At Stauer, we go directly to the source (cutting out the middleman), and engineer our own watch designs. This means we can offer a top quality timepiece that happens to only cost the same as two well-made cocktails at your favorite bar. So, while we're busy

revolutionizing the watch industry to bring you more real value, you can take your own stand against overpriced watches with the *Urban Blue*.

Your satisfaction is 100% guaranteed. Wear the *Urban Blue for* 30 days. If you're not convinced that you achieved excellence for less, send it back for a refund of the item price.
