THE "GOT" PREQUEL AWAITS

By Barb Oates

The dragons! That silver hair! Those piercing eyes and that pale, pale skin mark the return of House Targaryen and the premiere of HBO's *House of the Dragon* (Sunday), the eagerly awaited prequel story to *Game of Thrones*. And along with the Targaryens come other familiar names — Stark, Baratheon — who pledge to be faithful to King Viserys Targaryen (Paddy Considine) as he names his heir. But some say men would sooner set the realm to a torch than see a woman — and in this case King Viserys' daughter Rhaenyra (Emma D'Arcy) — ascend to the most powerful seat of Westeros, that of the Iron Throne. Who will be in the inevitable fight for the throne is yet to be fully known, but expect an ugly battle. The 10-episode prequel is based on George R.R. Martin's *Fire & Blood*, and is set 200 years before the events of *Game of Thrones*, telling the story of House Targaryen, the family that reigned for several centuries. As we know, history does not remember blood, it remembers names, so here we break down a few of the key characters.

A Few Of The Players

King Viserys Targaryen (Paddy Considine)

Chosen by the lords of Westeros to succeed the Old King, who was Jaehaerys Targaryen.

Viserys is a warm, kind and decent man, who only wishes to carry forward his grandfather's legacy. But good men do not necessarily make for great kings.

Prince Daemon Targaryen (Matt Smith)

Younger brother to King Viserys and heir to the throne. A peerless warrior and a dragonrider, Daemon possesses the true blood of the dragon.

Princess Rhaenyra Targaryen (Emma D'Arcy)

The king's firstborn child, she is of pure Valyrian blood, and she is a dragonrider. She was born with everything ... but she was not born a man.

Otto Hightower (Rhys Ifans) The Hand of the King, Ser Otto loyally and faithfully serves both his king and his realm. As the Hand sees it, the greatest threat to the realm is the king's brother.

Alicent Hightower (Olivia Cooke) The daughter of Otto Hightower and the most comely woman in the Seven Kingdoms. She was raised in the Red Keep, close to the king and his innermost circle.

Princess Rhaenys Targaryen (Eve Best) A dragonrider and wife to Lord Corlys Velaryon, "The Queen Who Never Was" was passed over as heir to the throne at the Great Council because the realm favored her cousin, Viserys, simply for being male.

JUST FOR KICKS?

It's No Joke: Ryan Reynolds And Rob McElhenney Are Serious About Their Soccer Team.

In 2020, Hollywood stars Ryan Reynolds (*Deadpool*) and Rob McElhenney (*It's Always Sunny in Philadelphia*) formed The R.R. McReynolds Company and purchased the struggling, fifth-tier English soccer club Wrexham AFC. The duo had no knowledge of sports team ownership, leading many to wonder if this was a *Ted Lasso*-inspired joke.

Actually, they're quite serious about their organization, its players, its supporters and its community. In the documentary series *Welcome to Wrexham*, premiering Wednesday on FX, viewers can follow every step of their effort to turn Wrexham into a true underdog success story plucked from a movie script.

For those who don't follow fifth-tier English soccer, Wrexham is the third oldest professional club in the world and a winner of 23 Welsh Cup championships. The once-proud club has suffered financially and on the pitch under ineffective ownership groups for nearly two decades. "At the point in which we took over, Wrexham was in pretty dire straits," says the team's executive director, Humphrey Ker, who's also an actor and writer. "What I hope people will see over the course of the first season — however many seasons we do of the show — that one of our big objectives has been to try and return that competitiveness to Wrexham Football Club." — *Ryan A. Berenz*

5 QUESTIONS with ...

Lucy DeVito: © Wren Kilmer/Getty Images for MDb

LUCY DEVITO

By Ryan A. Berenz

In FX's new animated comedy *Little Demon* (premiering Thursday), Laura (voice of Aubrey Plaza) was a wild Wiccan who hooked up with Lucifer himself (voice of Danny DeVito) and gave birth to the Antichrist, a daughter named Chrissy (voice of Lucy DeVito, Danny's daughter). Since then, Laura has traveled around the country in an effort to keep Chrissy away from her dad, but the arrival of adolescence gives Chrissy some serious supernatural powers that can't be kept under wraps. Satan — who is trying to be the cool, fun dad — wants Chrissy to join him and unite the metaphysical realms into a powerful, lawless universe for eternity ... or maybe just every other weekend.

"It's the part he was meant to play, I think!" Lucy DeVito says of her dad providing the voice of Satan. "It's hysterically funny casting. In real life, my dad's like the nicest, sweetest guy ever and the best dad, but he likes the dark, @#\$%ed-up characters."

Lucy DeVito lent her voice to this edition of our "5 Questions."

- 1. What's been your strangest or most interesting fan encounter?** In J. Crew once, I was shopping with a friend, buying him a blazer or something, and someone recognized me from *Melissa & Joey*. I don't get recognized very often, so it was very surprising. I was like, "Hey! Alright! Cool!" They're like, "I recognized your voice!" Which is awesome.
- 2. Can you tell us about a time you were starstruck?** One time I was in an elevator with Madonna. I was 14. I grew up with *The Immaculate Collection*, obviously. I just couldn't believe that she was standing 5 feet away from me. I said nothing. I said absolutely nothing. All I did was quietly explode inside.
- 3. What's a movie that you can watch over and over again?** *The Goonies*. I had that on VHS on repeat, always.
- 4. What's your favorite sports team?** I grew up with the Lakers during the Kobe/Shaq days. I'm an L.A. girl.
- 5. What's a job you had before your career in showbiz?** I worked at a lingerie shop. It was called Footsie. It was in Brentwood. I sold people bras and underwear for a summer. It was pretty funny.

Kevin Can F... Himself

9 pm on AMC

Season Premiere

If things seemed fabulously dark and unhinged last season, Allison (Annie Murphy) takes things a step farther in the Season 2 premiere *Mrs. McRoberts Is Dead*. As this is planned to be the show's final season, we may finally learn just how real things get for a sitcom wife willing to accept "till death do you part" as a trial separation.

Bobby and Sophie on the Coast

9 pm on FOOD

Series Premiere

Bobby Flay and his daughter, Sophie, have culinary wonders on their mind as they take an incredible food tour along the California coastline. Father and daughter are looking for interesting restaurants that are lucky enough to have an inspired chef in the kitchen.

Running Wild With Bear Grylls

10 pm on NATGEO

When you've got a role in an action movie, you need to prepare. And in the new episode *Rob Riggle in the Great Basin Desert*, Bear puts Riggle through the survival tests every actor needs. First they rappel from a helicopter, then Riggle learns the ropes before facing an actual ropes challenge.

STARZ will debut its new drama series *The Serpent Queen* on Sunday, September 11 at 8 PM ET/PT. The series stars Golden Globe® winner, two-time Academy Award® and two-time BAFTA Award-nominated actress, Samantha Morton, as the nefarious Catherine de Medici, who, against all odds, became one of the most powerful and longest-serving rulers in French history. The historical drama puts a contemporary spin on conventional storytelling to tell the tale of Catherine de Medici's rise to power. In the series premiere, Catherine's tale unfolds through flashbacks as she defends her actions and imparts the lessons she's learned to her new servant confidante, Rahima (Sennia Nanua). At 14, the young, orphaned Catherine (Liv Hill) marries into the 16th-century French court. Her uncle Pope Clement, (Charles Dance), has negotiated a large dowry and a geopolitical alliance in return for the union. With her husband in love with Diane de Poitiers (Ludivine Sagnier), Catherine's future is suddenly uncertain and with little hope of conceiving, Catherine must quickly learn who she can trust, while outmaneuvering anyone who underestimates her determination to survive at any cost.

The new season of **HGTV's** popular series *Help! I Wrecked My House* premieres this Saturday, August 27 at 9 PM ET/PT. Starring home renovation expert, Jasmine Roth, the season opener will follow her as she helps a homeowner who is struggling to renovate his father's childhood home. Jasmine will revamp the unfinished rooms, including the kitchen, dining room and living room, transforming the home into a mid-century masterpiece that will be an ideal family home for generations to come.

Hallmark Channel will premiere its new movie *Marry Me in Yosemite* on Saturday, September 3 at 8 PM ET/PT. Zoe (Cindy Busby) is a top photojournalist who has published successful coffee table books featuring her images of iconic places. Her publisher wants her next subject to be Yosemite, so she heads west despite not being sure she can do justice to the majesty of the landscape. While there, she meets Jack (Tyler Harlow), an intriguing tour guide who opens her eyes to new possibilities as they take a journey together.

SPORTS ZONE By George Dickie

Riley playing like an MVP for Braves

By GEORGE DICKIE

With each game, Austin Riley's case for National League MVP becomes more and more compelling.

Indeed, in their All-Star third baseman, the Atlanta Braves have a young slugger in the midst of another career year on a team looking to win its fifth consecutive NL East title and second straight world championship.

As of late July, the 25-year-old Mississippi product was batting .294 with 28 home runs, 64 RBI, an on-base percentage of .356 and an OPS of .945. He was especially hot in July with an 18-game hitting streak during which he hit .444 with eight homers, 16 RBIs and a 1.383 OPS.

Such hitting prowess has gotten the attention of opposing pitchers, who puzzle over how to pitch him.

"He kills fastballs," Los Angeles Angels starting pitcher Patrick Sandoval said after surrendering two hits to Riley in a late July game. "I heard ... that he has the hardest exit velo against breaking balls, too. So it's tough. You have to execute."

Nearly snubbed for the All-Star Game, Riley was chosen as a reserve on the NL team, a similar fate

suffered by another Atlanta third baseman, Chipper Jones, in 1999. That year, the Braves great went on to win the MVP award.

Along with fellow MVP candidates Dansby Swanson and Matt Olson, he's part of a formidable middle of the order for Atlanta, one that will need to be hitting on all cylinders if they are to win the East and make another World Series run.

Riley and the Braves can be seen in action Saturday, Aug. 27, when they continue a three-game series against the St. Louis Cardinals in a regional game airing on Fox.

THE WEEK IN SOAPS

"Days Of Our Lives" Is Switching From NBC To Peacock, The Network's Streaming Service

Days of Our Lives' epic 57-year run on NBC is coming to an end — but the show's not being canceled. Starting Monday, Sept. 12, *Days* will be available

on Peacock, NBC's streaming service. A new program, *NBC News Daily*, will take *Days'* time slot.

"This programming shift benefits both Peacock and NBC, and is reflective of our broader strategy to utilize our portfolio to maximize reach and strengthen engagement with viewers," said Mark Lazarus, chairman of NBCUniversal Television and Streaming. "With a large percentage of the *Days* audience already watching digitally, this move enables us to build the show's loyal fanbase on streaming while simultaneously bolstering the network's daytime offering with an urgent live programming opportunity for partners and consumers."

Reaction to the move has been mixed, especially as *Days* is going to be a part of Peacock's "premium" platform. Translation: *Days* fans will have to pay \$4.99 a month in order to continue watching the romantic adventures of Marlena Evans (Deidre Hall), John Black (Drake Hogestyn), Steve Johnson (Stephen Nichols), Kayla Johnson (Mary Beth Evans) and the rest of the citizens of Salem.

"Really NBC?!" tweeted filmmaker/*Days* fan Kristina Sullivan (@misskristina617). "The iconic *Days of Our Lives* has been on NBC

for 57 years and now it's being moved exclusively to Peacock!? This is horrible news!! So many fans of the show watch it every weekday at 1pm on NBC and that shouldn't change!! *Days* should stay on NBC!!"

"I'll gladly watch @nbcdays on @peacockTV paid or [non-paid] subscription as long as they keep my faves in," tweeted *Days* fan @innaBeana035, noting her favorite actors are Galen Gering (Rafe), Eric Martsolf (Brady), Brandon Barash (Jake/Stefan O.), Tamara Braun (Ava), Arianne Zucker (Nicole), Dan Feuerriegel (EJ) and Stacy Haiduk (Kristen/Susan).

"We all learned ... that #DaysOfOurLives will move from #NBCTV to #Peacock, which is #NBC's streaming service ..." tweeted actress Robin Strasser (ex-Dorian Lord, *One Life to Live*), who filled in for Louise Sorel as Vivian Alamain on *Days* in 2019. "#Days fans are legendary in their devotion to the show — so it reassured me that it's still being produced by the same producer ..."

While *Days* isn't likely to change its identity too much in light of taking the streaming route, at least one cast member is wondering what this will mean for the show's content. "Does this mean we can now curse a blue streak?????" queried Feuerriegel to Ron Carlivati, the show's head writer. "Please say yes!!!!!!!"

The show has let one swear word be spoken on Peacock. In the most recent *Days of Our Lives: Beyond Salem* series, Hope Williams Brady (Kristian Alfonso) let out an expletive upon seeing nemesis Megan Hathaway (Miranda Wilson) back from the dead! (What would her grandmother Alice Horton say?)

Days of Our Lives debuted on Nov. 8, 1965, on NBC. Ken Corday is the show's executive producer.

HOROSCOPES

By YASMIN BOLAND

Aaron Paul,
a Virgo (born August 27),
of "Westworld"

By YASMIN BOLAND

For release: 08/21/22

ARIES (March 21 - April 19)

Use this week to set your life up in a way that leaves you feeling more empowered. If you're constantly chasing your tail, arguing with people and generally not feeling good enough, you are wasting 2022. This is your time to show the world how amazing you are. Love yourself.

TAURUS (April 20 - May 20)

This week, there could be upsets or angry words that leave you feeling like the ground is moving beneath your feet. Before you engage with people who leave you trembling (and not in a good way), meditate, meditate, meditate. You'll access amazing energies if you'll just "go within."

GEMINI (May 21 - June 20)

The skies are a little bit snippy this week and you could be one of the people doing the snipping. So watch your tongue! You are eloquent, but you also know how to say things crafted to hurt people. However, you're not mean. Don't say anything you'll regret later.

CANCER (June 21 - July 22)

Go easy this week, especially with a friend who's behaving unpredictably or just plain annoying you. The skies are not the most settled now and there could be an upset with someone in your social circle. Far better to throw yourself into your work.

LEO (July 23 - Aug. 22) The skies are tense this week, and you're one of the signs getting the brunt of it. Family, friends and/or colleagues could be acting so erratically that it leaves your head spinning. Some are just so demanding, you really don't know what to do with yourself. The only answer is ... breathe.

VIRGO (Aug. 23 - Sept. 22) You like to give excellent value in all that you do, including at work. This week though, it does look as though a work issue has you fired

up. Don't let anyone upset your normally calm demeanor. There's nothing that you can't work through in your methodical way. Go slowly.

LIBRA (Sept. 23 - Oct. 22) As the planet of communications, Mercury, moves into your sign, it's time for you to set your mind to whatever it is you want to accomplish between now and the end of the year. Make lists of ambitions and inspired actions that you can take. You can make your dreams come true.

SCORPIO (Oct. 23 - Nov. 21)

Not going to sugar coat it, the skies are tense this week and they're hitting you in two of your most sensitive parts; your love life and your career. The only thing you can do to get through it is live and let live, love and let love. This too shall pass!

SAGITTARIUS (Nov. 22 - Dec. 21)

Tell your lover, friends and family, not to mention colleagues, to watch out! The fiery planet Mars is moving into your opposite sign, so you are going to be more angry than usual! Moreover, Mars is clashing with the egotistical sun this week. Least said soonest mended!

CAPRICORN (Dec. 22 - Jan. 19)

The planets are not letting up this week. Your best bet is to be your usual, solid self, as you move slowly and cautiously towards whatever it is you're working on right now. If and when life gets a bit too much, take some time out to (literally) count your blessings.

AQUARIUS (Jan. 20 - Feb. 18)

You are arguably the sign under the most pressure right now, but guess what? This week, everybody is getting a taste of the celestial dramas playing out. For you, it's all about trying to stay loving and kind, even when people seem intent on pushing your buttons or making you miserable.

PISCES (Feb. 19 - March 20)

This week the sun moves into your love zone so the next four weeks, the focus is on your most important one-on-one relationships. How are you doing with them and how can you do better? Being honest with yourself about the answers to these two questions could be life changing.

ASK MATT

WHY ARE DICK WOLF SHOWS ON CBS?

@TVGMMattRoush

Question: With the hit *FBI* shows now filling an entire night on CBS, I'm wondering why Dick Wolf picked up his dolls and dishes and moved from NBC to CBS? And is there any chance for a reboot of *Law & Order: Criminal Intent*? Of course, it must be with the brilliant casting of Vincent D'Onofrio and deadpan Katherine Erbe! —Donna F

Matt Roush: Dolls and dishes, that's quite an image to apply to a mogul like Dick Wolf. When he brought the first *FBI* series to CBS, many of us had the same question: Why not stick with the partner with whom you've had such great success? The answer was simple and reveals Wolf's deep understanding of the network business. He went to CBS because it had more prime-time real estate available at the time. No doubt Wolf envisioned spinning off *FBI* the way he had done with *Law & Order* and his *Chicago* shows, and because those franchises were already filling two nights of NBC's weekly lineup, he took *FBI* to a network where procedurals were even more part of the programming DNA. Guess what, it worked. As for rebooting *Criminal Intent*, I'm not aware that's in the works, but nothing would surprise me. And I agree if you're going to go that route, the original stars (D'Onofrio was recently in Disney's *Hawkeye* and will be shooting *Daredevil*. Erbe costars in Showtimes' *City on a Hill*) would be essential.

Scientific Discovery Stuns Doctors

Biblical Bush Relieves Joint Discomfort in as Little as 5 Days

Legendary “special herb” gives new life to old joints without clobbering you. So safe you can take it every day without worry.

According to the Centers for Disease Control and Prevention, more than 54 million Americans are suffering from joint discomfort.

This epidemic rise in aching joints has led to a search for alternative treatments—as many sufferers want relief without the harmful side effects of conventional “solutions.”

Leading the way from nature’s pharmacy is the new “King of Oils” that pioneering Florida MD and anti-aging specialist Dr. Al Sears calls “the most significant breakthrough I’ve ever found for easing joint discomfort.”

Biblical scholars treasured this “holy oil.” Ancient healers valued it more than gold for its medicinal properties. Marco Polo prized it as he blazed the Silk Road. And Ayurvedic practitioners, to this day, rely on it for healing and detoxification.

Yet what really caught Dr. Sears’ attention is how modern medical findings now prove this “King of Oils” can powerfully...

Deactivate 400 Agony-Causing Genes

If you want genuine, long-lasting relief for joint discomfort, you must address inflammation. Too much inflammation will wreak havoc on joints, break down cartilage and cause unending discomfort. This is why so many natural joint relief solutions try to stop one of the main inflammatory genes called COX-2.

But the truth is, there are hundreds of agony-causing genes like COX-2, 5-LOX, iNOS, TNK, Interleukin 1,6,8 and many more—and stopping just one of them won’t give you all the relief you need.

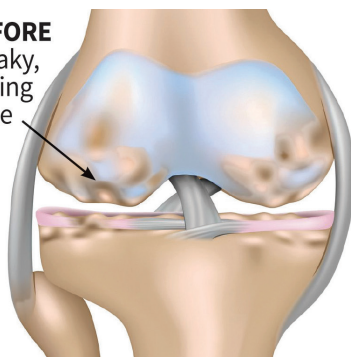

Doctors and scientists now confirm the “King of Oils”—Indian Frankincense—deactivates not one but 400 agony-causing genes. It does so by shutting down the inflammation command center called Nuclear Factor Kappa Beta.

NK-Kappa B is like a switch that can turn 400 inflammatory genes “on” or “off.” A study in *Journal of Food Lipids* reports that Indian Frankincense powerfully deactivates NF-Kappa B. This journal adds that Indian Frankincense is “so powerful it shuts down the pathway triggering aching joints.”

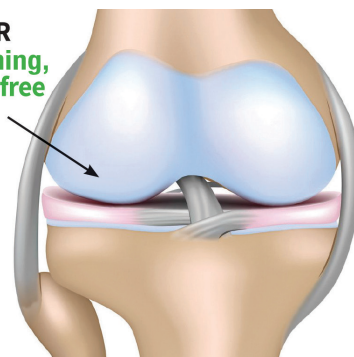

Relief That’s 10 Times Faster... and in Just 5 Days

Many joint sufferers prefer natural solutions but say they work too slowly. Take the best-

seller glucosamine. Good as it is, the National Institutes of Health reports that glucosamine takes as long as eight weeks to work.

Yet in a study published in the *International Journal of Medical Sciences*, 60 patients with stiff knees took 100 mg of Indian Frankincense or a placebo daily for 30 days. Remarkably, Indian Frankincense “significantly improved joint function and relieved discomfort in as early as five days.” That’s relief that is 10 times faster than glucosamine.

78% Better Relief Than the Most Popular Joint Solution

In another study, people suffering from discomfort took a formula containing Indian Frankincense and another natural substance or a popular man-made joint solution every day for 12 weeks.

The results? Stunning! At the end of the study, 64% of those taking the Indian Frankincense formula saw their joint discomfort go from moderate or severe to mild or no discomfort. Only 28% of those taking the placebo got the relief they wanted. So Indian Frankincense delivered relief at a 78% better clip than the popular man-made formula.

In addition, in a randomized, double blind, placebo controlled study, patients suffering from knee discomfort took Indian Frankincense or a placebo daily for eight weeks. Then the groups switched and got the opposite intervention. Every one of the patients taking Indian Frankincense got relief. That’s a 100% success rate—numbers unseen by typical solutions.

In addition, BMJ (formerly the *British Medical Journal*) reports that Indian Frankincense is safe for joint relief — so safe and natural

you can take it every day.

Because of clinically proven results like this, Dr. Sears has made Indian Frankincense the centerpiece of a new natural joint relief formula called **Mobilify**.

Great Results for Knees, Hips, Shoulders and Joints

Joni D. says, “**Mobilify** really helps with soreness, stiffness and mild temporary pain. The day after taking it, I was completely back to normal—so fast.” Shirley M. adds, “Two weeks after taking **Mobilify**, I had no knee discomfort and could go up and down the staircase.” Larry M. says, “After a week and a half of taking **Mobilify**, the discomfort, stiffness and minor aches went away... it’s almost like being reborn.” And avid golfer Dennis H. says, “I can attest to **Mobilify** easing discomfort to enable me to pursue my golfing days. Definitely one pill that works for me out of the many I have tried.”
