# CATCHING UP WITH BEAR GRYLLS

## What Celebs Will Pass His Survival Challenges? By Barb Oates

Credit: National Geographic/Bear Grylls

It's been over 15 years now that survivalist Bear Grylls has been educating viewers on staying alive in the most extreme conditions. In his latest iteration of adventure and survival – *Running Wild With Bear Grylls: The Challenge* (Mondays on Nat Geo) – he teaches his celebrity guests (Natalie Portman, Ashton Kutcher, Florence Pugh, Simu Liu, Anthony Anderson and Rob Riggle) essential skills that they'll have to master and prove in a high-stress situation. Here he answers a few of our questions.

### When it comes to teaching your guests essential survival skills, can you walk us through an example?

**Bear Grylls:** All of our guests come on *Running Wild* because they want to challenge themselves and experience some of the magic that the wild can give us. This season I really try to also teach them some essential survival skills and then have them put what they've learned to the test at the end of each episode. Whether it is knots or navigation, ultimately the journey will come down to a point where it's all on them. That pressure can be tough when you're tired and a little afraid, but it's amazing to see them overcome and succeed. A recent journey had me with Natalie Portman in the slot canyons of Southern Utah, where she had to use her new skills to start a signal fire in under two minutes for an emergency extraction.

### What episode/adventure caused you the greatest amount of stress and why?

To be honest, every episode had its moments – that's the wild for you; it's highly unpredictable. We're out there taking risks, and for most of these celebrities, the journey pushes them beyond anything they've ever done. That's the thrill of the show for me: being beside these huge stars in some raw and high-intensity moments. With Simu Liu, we went to the Canadian Rockies and had to trigger an avalanche to clear a path – this can be extremely dangerous if not done properly. That journey was a wild ride for sure and ended up with us both in a frozen river in our underpants in zero degrees. A moment I won't forget! But Simu was amazing and 100% up for the challenge.

### When it comes to rating the difficulty of each of these challenges, who would you say had it the hardest and why?

It is always going to be challenging taking rookies into the wild when it's not something they're used to. Rob Riggle is also a former United States Marine officer, so I could push him in different ways. But even Rob had a moment at the end of the journey that took him to the edge. We all have our edges. I try to adapt each journey for the ambition and skill of the guest; for example, Ashton Kutcher loved the jungle and the challenge and wanted to be pushed beyond what most people would enjoy. He did amazingly.

## SHARK WEEK RESURFACES!

By Jeff Pfeiffer

Shark Week, Discovery's long-running fan-favorite summertime event, returns for its 34th installment beginning Sunday and continuing through July 31, promising bigger sharks, bigger breaches, and even bigger findings from scientists and researchers in the field. Specific details about the new specials, which premiere on Discovery Channel and can also be streamed on discovery+, weren't available at presstime, but the programming will whisk viewers away to exotic, shark-filled locales such as the Exuma Islands in the Bahamas and Papua New Guinea. It will also spotlight innovative shark technology and research that are finding breakthrough information about these elusive creatures, in addition to the discovery of a new, undescribed species. Celebrities are often a part of Shark Week, and while all of the stars who may be appearing during this year's event weren't immediately announced, it was confirmed that the Impractical Jokers from the hit hidden-camera prank series on truTV (now one of Discovery's sister networks under the new Warner Bros. Discovery umbrella created by a recent merger) will embark on a hysterical adventure to educate people about sharks.

## 5 QUESTIONS with ...

©2022 Fox Media LLC. Cr. Mike West/Fox

# TWITCH

## Of FOX's "So You Think You Can Dance"

By Jacqueline Cutler

When tWitch first auditioned for *So You Think You Can Dance* in 2007, he didn't make it to the Top

20. The next year, he tried again and was crowned runner-up. In May, the summer staple (airing Wednesdays) returned for its 17th season with tWitch, born Stephen Boss, as the senior dance judge to JoJo Siwa and Leah Remini.

"This is where I got my start," tWitch says, "and the full circle moment that has happened with me returning to the judges' panel, especially off the heels of *The Ellen [DeGeneres] Show* ending. I met Ellen through *So You Think You Can Dance*. [*The Ellen DeGeneres Show*] ends, and I'm coming back. It's just a very surreal kind of handoff."

Coming in second "was actually the biggest blessing, because of the fact that I did not get the money; I'm running through every single open door. It really, really did just work out. So I think that getting runner-up as opposed to winner was probably one of the greatest things that could happen, honestly."

That word comes up again as he recalls the best advice producer Nigel Lythgoe gave him for judging: "Be honest." And it's the same approach he took with our "5 Questions."

- 1. If you were not in show business, what would you be doing?** Probably a history teacher, high school, either American or African American history.
- 2. Growing up, what were your favorite shows?** *Power Rangers* was my show. And I always wanted to be He-Man. Superman is my favorite superhero of all time. I love *The Arsenio Hall Show*. I loved *The Ricki Lake Show*, *Living Single*, *The Fresh Prince of Bel-Air*, *Martin*.
- 3. When were you starstruck?** The first time that I met Will Smith. I had heard of people being starstruck before. There's that starstruck where you literally lose control of how your body is moving. And you've got to understand – I'm a fanatic. And when I saw him, I just kind of stuck my hand out. This was before *Ellen*. Allison [tWitch's wife] and I were going into a restaurant in Dallas, and as we were going in the door, he and [Smith's daughter] Willow were going out. He was just like, "Yo, what's up?"
- 4. Have you ever had a ghostly experience?** Yes. But more than those, I'm going to say like spirits, like other beings, kind of let me know what was what. I feel like a lot of my past relatives and ancestors kind of hold me and sometimes kind of give me words of wisdom. I'm not scared of that at all.
- 5. If you could have one of those mythical dinner parties where anyone you want – dead or alive – can be there, who's at the table?** Jay-Z and Beyoncé were there. Jay Shetty is there. Tupac is there. Kobe Bryant is there. Let's see. The MC KRS-One is there as well. Shaq is there, and Richard Pryor.

**IN THE NEWS:**

*Moissanite is a game changer... A hot trend in big bling— an alternative to diamond...*

— Today Show on NBC

Price Drops 83%... ONLY Through Stauer

A.

Jewelry shown is not exact size. Pendant chain sold separately.

*Moissanite clarity is exceptional & comparable to a VVS1 diamond*

## CALLING THIS A DIAMOND WOULD BE AN INSULT

*Possessing fire, brilliance, and luster that far surpasses that of a diamond, this Nobel Prize winner's discovery twinkles and sparkles unlike any stone on earth.*

**W**hen French chemist, Henri Moissan discovered an incredibly rare mineral in a 50,000 year-old meteorite, little did he know the amazing chain of events that would follow. Along with winning a Nobel prize, he gave the world a stone that surpasses even the finest diamond in virtually every aspect that makes a woman go weak in the knees. Today, you can own 2 total carats of this swoon-worthy stone for a down to earth price of \$99.

**The most brilliant fine stone on earth.** According to the GIA (Gemological Institute of America), Moissanite outperforms all jewels in terms of its brilliance, fire, and luster. Moissanite has "double refraction" — which means light goes down into the stone and comes out not once, but twice. No diamond can do this. The way the light dances inside Moissanite is something to behold.

**The genius of affordability.** A one-carat diamond of this color and clarity sells for more than \$5,000. Two years ago Moissanite was over \$1,000 a carat. Now, for the first time in history, our team of scientists and craftsmen have mastered the innovative process, enabling us to price 2 carats of moissanite

in precious sterling silver for less than \$100. It's pure genius. Our Nobel Prize-winning chemist would be proud.

# Exercise Your Liberty

Comfort and class go hand in hand in the Liberty Walking Stick.

Yours for **ONLY \$59!**

The right to free speech, freedom of religion, freedom of the press, and freedom of assembly are what make the USA the land of liberty. These constitutional rights are embodied in the Walking Liberty half-dollar, the famous coin showing Lady Liberty striding powerfully and purposefully forward into the future.

The **Liberty Walking Stick** showcases this iconic symbol of freedom with a genuine Walking Liberty Silver Half-Dollar that has been skillfully cut cross-sectionally—90% pure silver—struck by the U.S. Mint. The perfect way to celebrate what makes this country great while putting some pep in your step.

Today these tributes to a gentleman's power, prestige, and posture are fetching as much as \$200,000 at auction. Because Stauer takes the quicker and less expensive route and goes right to the source, we can offer you the vintage-worthy **Liberty Walking Stick** for only \$59!

**Your satisfaction is 100% guaranteed.** Experience the comfort and class of the **Liberty Walking Stick** for 30 days. If you're not feeling more liberated, simply send it back within 30 days for a refund of the item price. At Stauer, we walk the talk.

**Limited Edition.** Only 4,999 available! These handcrafted beauties take months to craft and are running (not walking)

**PRAISE FOR STAUER WALKING STICKS**  
*"An excellent walking stick. Solid and elegant. Perfect for a night out. Well crafted."*

Olivier Assayas' wild and loopy miniseries adaptation of his 1996 film of the same title comes to a close. Alicia Vikander stars as an American movie star who has fled to Paris for a project, only to find the line between real and reel blurring. HBO Max currently is streaming this entire miniseries as well as Assayas' 1996 feature.

with **rick Gables**

Premium network **EPIX** will premiere its four-part docuseries **My Life as a Rolling Stone** on Sunday, August 7 at 9 PM ET/PT. This exhilarating series will show how The Rolling Stones grew from young blues-loving hopefuls to a globally recognized cultural brand. Each episode will feature an intimate portrait of one of the band's charismatic members, Mick Jagger, Keith Richards, Ronnie Wood, and the late Charlie Watts, exploring different dimensions of their personalities, their musical brilliance, and their cultural impact. The series aims to reveal The Rolling Stones' creativity, their inspirations, and how they individually and collectively have overcome adversity, notoriety, and personal demons to write the soundtrack of our times.

**HGTV** will conduct an edge-of-your-seat house-flipping experiment as never seen before with the premiere of its new series, **Flip to A Million**, on Monday, August 1 at 9 PM ET/PT. The six one-hour episodes will follow two couples who are both successful house flippers in their respective markets: Jason and EJ Williams of Chicago, Illinois, and Jon and Dani Wrobel of Long Island, New York. During the series, narrated by HGTV star Alison Victoria, the pairs will be dropped in an unfamiliar city, Dallas, Texas, where they will set out to prove that, in the world of real estate, it's possible to start out with almost nothing and turn it into a fortune. With an initial budget of only \$1,000, each couple will work the real estate and flipping market to buy, renovate and sell properties. Their goal: build to a \$1 million house sale in just six months.

**Hallmark Channel** will premiere its new original movie **Love in the Limelight**, starring real-life husband & wife Alexa and Carlos PenaVega, on Saturday, August 6 at 8 PM ET/PT. As a teenager, Summer was a devoted fan of the popular boy band the Mendez Boyz, especially Nick, their lead singer. After receiving a sweet fan letter from Summer, Nick decides to respond with a phone call, sparking the start of a friendship that's lasted. When Nick's manager books a gig for him at a small venue in Summer's hometown of Salt Lake City, the two finally meet face-to-face. It's clear their friendship has set the stage for romance. Adding a rich, Latin sound to the movie's soundtrack are six original Spanglish songs written by Carlos PenaVega.

**The Green Planet**  
7 pm on PBS

In the new episode *Desert Worlds*, David Attenborough looks at life in a hostile environment where temperatures soar every day and water is a scarce commodity. Despite that, some plants manage to find extraordinary ways to survive in these inhospitable surroundings. Still others bide their time waiting for eventual rain.

**In With the Old**  
7 pm on MAGN

**Series Premiere**  
This upbeat home improvement series follows designers, builders and old-home enthusiasts across America as they re-imagine and transform abandoned structures by preserving their historical integrity while giving them new purpose. In *Adobe Mercantile to Dream Home*, Mandi and Court Gubler turn an adobe building into their Utah dream home.

**Wellington Paranormal**  
8 pm on CW

**Season Premiere**  
After shiny objects begin disappearing all over town – even including the glittering “W” from the city’s iconic “Wellington” sign – Officers Minogue and O’Leary (Mike Minogue, Karen O’Leary) go looking for the culprit. At the top of their list of suspects: a strange half-bird, half-human creature (Anika Moa).

**Everything’s Trash**  
9:30 pm on FREEFRM

Jessie’s (Nneka Okafor) mentor invites Phoebe (Phoebe Robinson) to be a guest speaker at his university in the new episode *Public Image Is Trash*. Unfortunately, Phoebe senses an unusual side to the mentor and, as usual, starts to overthink the situation, which in turn leads her to second-guess the entire speaking engagement. Complications ensue.

# The Invention of the Year

The world's lightest and most portable mobility device

Once in a lifetime, a product comes along that truly moves people. Introducing the future of battery-powered personal transportation . . . ***The Zinger.***

Throughout the ages, there have been many important advances in mobility. Canes, walkers, rollators, and scooters were created to help people with mobility issues get around and retain their independence. Lately, however, there haven't been any new improvements to these existing products or developments in this field. Until now. Recently, an innovative design engineer who's developed one of the world's most popular products created a completely new breakthrough . . . a personal electric vehicle. It's called the **Zinger**, and there is nothing out there quite like it.

*"What my wife especially loves is it gives her back feelings of safety and independence which has given a real boost to her confidence and happiness! Thank You!"*

*-Kent C., California*

The first thing you'll notice about the **Zinger** is its unique look. It doesn't look like a scooter. Its sleek, lightweight yet durable frame is made with aircraft grade aluminum so it weighs only 47.2 lbs. It features one-touch folding and unfolding - when folded it can be wheeled around like a suitcase and fits easily into a backseat or trunk. Then, there are the steering levers. They enable the **Zinger** to move

Available in Green, Black and Blue (shown)

forward, backward, turn on a dime and even pull right up to

The Zinger folds to a mere 10 inches.

a table or desk. With its compact yet powerful motor it can go up to 6 miles an hour and its rechargeable battery can go up to 8 miles on a single charge. With its low center of gravity and inflatable tires it can handle rugged terrain and is virtually tip-proof. Think about it, you can take your **Zinger** almost anywhere, so you don't have to let mobility issues rule your life.

**Now available in a Joystick model**  
(Zoomer Chair)

Joystick can be mounted on the right or left side for rider's comfort

Why take our word for it? Call now, and find out how you can get a **Zinger** of your very own.

### Look out for Denny Hamlin on the 'Tricky Triangle'

If you're looking for a favorite in this Sunday's M&M's Fan Appreciation 400, look no further than Denny Hamlin.

Indeed, the veteran NASCAR Cup driver of the No. 11 Toyota Camry for Joe Gibbs Racing has an enviable record on the 2.5-mile "Tricky Triangle" of Pocono Raceway, which combined with his performance so far this year makes him the man to beat.

In 32 career races at the northeastern Pennsylvania track, the 41-year-old Tampa, Fla., native has six wins, 14 top five finishes and 21 top-10s to go along with 797 laps led and only three DNFs. His last win there came in June 2020, when he registered his 41st career victory and passed Mark Martin on the all-time wins list, though his most recent effort there a year later resulted in a less-than-impressive 14th place finish.

This season, he's fifth in the points standings through late June, with two wins, three top fives and three top 10s plus 287 laps

led and four DNFs. Among those was his victory in May's Coca-Cola 600, a wild race that included a 12-car wreck, 18 caution flags and 16 DNFs and took five hours and 619 laps to complete. In the end, Hamlin held off Kyle Busch on a restart for the win.

He'll be in the field Sunday, July 24, when he does battle with the likes of Chase Elliott, Ross Chastain, William Byron, Joey Logano and Busch in the 2022 M&M's Fan Appreciation 400, in a race airing on USA Network.

**FULL NAME:** James Dennis Alan Hamlin

**BIRTH DATE:** Nov. 18, 1980

**BIRTHPLACE:** Tampa, Fla.

**HEIGHT/WEIGHT:** 6 feet/160 pounds

**TEAM:** Joe Gibbs Racing

**CAR:** No. 11 Toyota Camry

**HONORS & ACHIEVEMENTS:** Daytona 500 winner (2016, 2019, 2020); Cup All-Star Race winner (2015); Cup Series Rookie of the Year (2006); first and only rookie to qualify for the Cup playoffs (2006)

## CHEERS & JEERS

CHEERS TO

### BUNNY'S POST-MORTEM RESURRECTION

on Hulu's *Only Murders in the Building*. After the crotchety building manager (Jayne Houdyshell) was offed last season, Season 2 chronicled the last day of her life in an episode where Houdyshell killed it, provoking sympathy for Bunny and giving her unexpected emotional depth.

### CHEERS TO KEVIN BACON

for sharing a clip on TikTok of him and wife Kyra Sedgwick taking the viral *Footloose*-themed challenge. Bacon starred as the dancing rebellious teen Ren McCormack in the original 1984 movie phenomenon. Kevin's own judgment: "This was just as hard as it looks."

follow Cheers & Jeers

### JEERS TO PARAMOUNT+

for going back on their word. The well-reviewed *Why Women Kill* had been renewed for a third season back in December, but the platform recently confirmed that they're not going to continue the story anymore.

### JEERS TO CHRIS PRATT

for his less-than-compelling performance in *The Terminal List*. Prime Video's gritty military drama bombed in part due to Pratt's flat delivery as a Navy SEAL that goes on a revenge rampage. But the series is so lacking in nuance that it's no wonder Pratt couldn't do anything with it.

# THE WEEK IN SOAPS

## The Best Performances Of 2022 — So Far!

© 2021 American Broadcasting Companies, Inc. All rights reserved. Credit: Craig Spohn

If the first half of the year has been any indication, soap fans can expect to see even more powerhouse performances in the second part of 2022 on *The Bold and the Beautiful*, *Days of Our Lives*, *General Hospital* and *The Young and the Restless*. Here are some dynamic performers to keep in mind when actors are filling out their ballots next year for the 2023 Daytime Emmy Awards!

Credit: Billie Innes © 2020 CBS Broadcasting, Inc. All Rights Reserved.

**Outstanding Lead Actress:** *GH*'s Finola Hughes took acting to another level when Anna Devane sat with her dying nephew Peter August (Wes Ramsey). Peter's reign of terror couldn't continue, so Anna made sure he was going to die from his injuries. Peter knew that Anna wasn't going to save him given his past crimes. Still, she couldn't bring herself to let him go to that great soap in the sky alone. Also, *B&B*'s Rena Sofer deserves a nod next year for her portrayal of Quinn Fuller Forrester, whose marriage to Eric Forrester (John McCook) ended. Sofer's Quinn mourned the loss of her union, accepted that she was still in love with Carter Walton (Lawrence Saint-Victor), and broke up his marriage ceremony to Paris Buckingham (Diamond White) in an emotional tour de force.

Credit: Sony Pictures/CBS © 2022 CBS Broadcasting, Inc. All Rights Reserved.

**Outstanding Lead Actor:** As *Days*' Chad, Billy Flynn said a sad goodbye to murdered wife Abigail (Marci Miller). Chad's pain has been excruciatingly difficult to watch as the single dad tries to move forward with his life. Lawrence Saint-Victor (*Carter*, *B&B*) has emerged as a popular leading man; his character cut open a vein as he expressed his longing to have what he sees everywhere he looks – people with love and family in their lives.

**Outstanding Supporting Actress:** Sofia Mattsson's portrayal of grieving mother Sasha Gilmore Corbin continued on *GH* this year as she was forced to relive the loss of her son by modeling baby-care items on live television. Susan Walters has single-handedly rejuvenated the Genoa City landscape by reprising her presumed-dead *Y&R* character Diane Jenkins, a woman who knows how to get a rise out of nearly everyone. Also, Amelia Heinle has delivered on *Y&R* as Victoria Newman, a woman who put common sense ahead of her feelings for lying husband Ashland Locke (Robert Newman).

**Outstanding Supporting Actor:** This year's Outstanding Younger Performer Daytime Emmy winner, *GH*'s Nicholas Alexander Chavez (Spencer), has aged out of the youth performer category, but we expect to see him on next year's ballot in Supporting Actor. Chavez continues to bring passion and poise to his role as the complex Cassadine heir.

**Outstanding Guest Actor:** Contenders for next year's category run the gamut. *Days* viewers got to see Peter Reckell briefly reprise his role as Bo Brady. Soap diva Morgan Fairchild (*Search for Tomorrow*, *Days of Our Lives*, *Falcon Crest*, *Paper Dolls*) did a fun turn on *GH* as Haven de Havilland, hostess on fictional shopping channel Home & Heart.

## Mysterious Island

7 pm on TCM

Before computers made it easy to create monsters and other special effects for the movies, Ray Harryhausen did it the hard way. This 1961 adaptation of a Jules Verne novel represents some of his best work. A group of escaped Civil War prisoners and a pair of shipwrecked women land on an uncharted island where assorted dangers await.

## Alone

8 pm on HISTORY

A fierce snowstorm blasts through the already-rugged Labrador terrain, wreaking more havoc on the exhausted and dispirited survivalists still remaining in a new episode called *Winter's Grasp*. That assault is especially bad news for one participant who already is struggling with some troubling health issues.

## Top Gear

9 pm on BBCA

Britain has been struggling to find enough truck drivers, so co-hosts Freddie Flintoff, Chris Harris and Paddy McGuinness decide to do the public-spirited thing and become licensed to drive these vehicles themselves. Of course, as soon as they become licensed, the trio sets out to tackle some heavy-duty challenges to prove which of them is the best big-rigger.

## Good Trouble

9 pm on FREEFRM

The FCG try to hire Zelda (guest star Teala Dunn) as a brand influencer, while Malika and Tracy (Zuri Adele, guest star Marisela Zumbado) work together on the Women's Shelter. Elsewhere, Joaquin (Bryan Craig) fears that Jenna (Maiara Walsh) may have joined a cult, while Alice (Sherry Cola) feels like she is falling behind in her career.

# HOROSCOPES

By YASMIN BOLAND

Tim Gunn, a Leo (born July 29), of "Making the Cut"

your fears this week is also highly recommended. What scares you? Process it.

## LIBRA (Sept. 23 - Oct. 22)

There could be some surprises connected to your sex life or money or both this week. Try to take them in stride, rather than having a full-on old-fashioned breakdown! This is actually a lucky time for you and, crucially, intentions you send out to the universe really can stick.

## SCORPIO (Oct. 23 - Nov. 21)

There's a new moon in your career zone, so if you're one of the ambitious Scorpios out there, now's the time to aim higher. Expect the chance to show what you're capable of professionally and/or to start to move in a new direction. There could be challenges, but also rewards.

## SAGITTARIUS (Nov. 22 - Dec. 21)

Sagittarians are natural born travelers. You are on the planet to see it, experience it, and enjoy it! If you haven't had a chance to get away properly post-pandemic, now is the time to either escape or book your escape. Travel plans made now should stick. Sing hallelujah!

## CAPRICORN (Dec. 22 - Jan. 19)

Expect a chance to get serious and stable about cash this week. Maybe you're paying off old debts or setting up a financial system. Maybe you're working out how to organize your cash-flow moving forward. Whatever the case, there's a new money cycle beginning. Make it a good one!

## AQUARIUS (Jan. 20 - Feb. 18)

The new moon this week is in your love zone, so expect a chance to start all over again in at least one important relationship. If you know you've been coming down too hard on someone or just seeing the glass of your most important relationships as half-full, change that.

## PISCES (Feb. 19 - March 20)

This week, it's less about shaking things up as making solid changes that you know will leave you feeling more stable and secure. What systems can you put in place that will make your life more enjoyable and reliable?

## ARIES (March 21 - April 19)

The skies are having a little game with you this week. On the one hand, you know it's time to worry less and have more fun. On the other hand, there are still some people and situations seemingly intent on upsetting you. What they don't know ... you have luck on your side.

## TAURUS (April 20 - May 20)

Careful you don't blow a gasket this week as angry Mars and insane Uranus meet in your sign. You could charge at someone like a wounded bull and live to regret your hastiness. If you're working hard on staying calm in the face of fools, you'll get extra practice this week!

## GEMINI (May 21 - June 20)

This week, think about what you're thinking about. Geminis live in their heads a lot of the time anyway. But what is going on up there? Are you thinking up amazing dreams and schemes to improve your life, or to better humanity? Good! Don't waste time on negative thoughts.

## CANCER (June 21 - July 22)

There is a new start coming for you financially this week but it might not feel like it yet. Rather, you're being asked to clear up any past money mess that's sitting around. Making proper financial plans now could stand you in amazing stead in the future. So make some!

## LEO (July 23 - Aug. 22)

The new moon is in your sign, which is a very positive thing. However, Saturn, the planet of hard luck and dreariness, is also being activated in your chart. Expect to have some very serious dealings or conversations but at the same time, know that you're moving into a new cycle.

## VIRGO (Aug. 23 - Sept. 22)

If you started 2022 aiming to be happier and more at peace, this is the week to get back on that bandwagon. The skies completely support you in setting aside time for meditation and contemplation. Working through

**Ready to Love**  
7 pm on OWN

**Premiere**

As this relationship series opens Season 6, host Tommy Miles brings his show's beat to the Magic City of Miami, where he gets things started by inviting 20 of the city's sexy singles to a poolside mixer. He urges the group to try and focus on finding love, not just lust, but the participants must brace themselves for some unexpected curveballs.

**Life After Lockup**  
8 pm on WE

**Season Premiere**

Season 3 of this hit docuseries spinoff follows nine former prison inmates and their significant others from the original series *Love After Lockup*. The new couples must cope with travel limitations as well as restrictions on connecting with old (and usually illicit) acquaintances, as well as avoiding the use of alcohol and drugs.

**NYC Point Gods**  
8 pm, 11 pm on SHOW

This new sports documentary profiles the point guards of New York City who reached the height of their powers on the court in the 1980s and '90s. Rafer Alston, Kenny Anderson, Mark Jackson, Stephon Marbury, God Shammgod, Kenny Smith, Rod Strickland and Dwayne "Pearl" Washington swiftly ascended through the ranks during a New York cultural renaissance.

**American Anthems**  
9 pm on PBS

**Season Finale**

Local hero Melissa Smith arrived in a new town with no idea how to use her performing arts degree. She found a new sense of purpose, though, after taking a job at a local store that employed intellectually disabled adults. Soon thereafter, Melissa created Backlight Productions.

# ASK MATT

## WHY IS TERMINAL LIST TOO DARK TO WATCH?

@TVGMattRoush

**Question:** I read all the *Terminal List* books and looked forward to this show on Prime Video. But it's shot so dark we can't even see it! What has happened to the quality of filming? They are supposed to tell and show a story. —Connie P

**Matt Roush:** Next to loud background music, low-light filming is by far the most common complaint I hear about TV—but after hearing from others about the extreme gloom of the cinematography in *The Terminal List*, I checked it out and was shocked even by today's standards. I usually suggest adjusting the light balance on your TV's settings to compensate, but in this case, I agree that just moving on to the next streaming series might be the best solution.

**Question:** I watched *Buried in Barstow* on Lifetime, but was surprised when the screen read "to be continued" without any information. Do you know how I can watch the rest of the story? —Lil Parks

**Matt Roush:** That was meant to tease you that there will be more of the story and that this was the first in what is expected to be an ongoing TV-movie franchise. Lifetime hasn't officially announced a renewal or a timetable for the next chapter, but if the enthusiastic response in my mailbag is any indication, Angie Harmon and Lifetime could have a hit movie series on their hands.

**American Graffiti**  
5 pm on TCM

Breakups, makeups, Mel's Drive-In, Wolfman Jack and a great hit-packed soundtrack all contribute to director George Lucas' wonderfully nostalgic 1973 comedy about an eventful night for young Californians in 1962. A prelude to television's *Happy Days* for cast member Ron Howard, the movie also was a showcase for Richard Dreyfuss, Cindy Williams and Harrison Ford.

**Are You Afraid of the Dark? Ghost Island**
